

Upcoming Meetings

- April APS meeting, April 14-17, Jacksonville, FL
- L-V Meeting, May 21-25, Cascina, Italy
 - » VESF School on GWs; May 28 - Jun 1 Cascina
- LIGO PAC, June 14-15, Caltech
- GR18/Amaldi 7, July 8-14, Sydney, Australia
 - » Abstract deadline April 27
 - » “Stabilisation of Parametric Instabilities in Advanced Gravitational Wave Detectors”, July 16-18, Perth Australia
- L-V Meeting, July 23-26, MIT
 - » LSC Council Meeting
- L-V Meeting, October 22-26 (tentative), Hannover, Germany
- L-V Meeting, December 11-12, MIT
- GWDAAW, December 13-16, MIT
- Numerical Relativity and Data Analysis, Jan 7-18, KITP, UCSB

Thanks!

- Many people deserve our thanks
 - » Bonnie Wooley for conference organization
 - » Shannon Roddy, Dwayne Giardina, Mike Pedraza for network and telecom infrastructure
 - » Linda Turner for DCC archiving
 - » Larry Wallace and Veronica Kondrashov for remote computer, web support
 - » And Joe Giaime and Gabriela Gonzalez!!

Milestones

- Our first joint LSC-Virgo Collaboration has been a great success
 - » ~ 15 members of Virgo Collaboration at the meeting
 - » Close coordination with Benoit Mours
- LIGO and Virgo will begin sharing data on May 18, 2007!
 - » Lots of work to do, but the long term payoff is worth the effort
- Enhanced LIGO, Advanced LIGO moving ahead at full speed
- Peter Saulson can take credit for a very healthy and vibrant LSC

See you
in Cascina!
