

**Gravitational Wave Astronomy
North-West
6th Annual GWANW
Jun 26-28 2023**

GWANW 2023!

That's a wrap folks!

Thank you to Svenja @ WWU and Jeff @ LHO for hosting!

Thank you for participating!

We Did The Science!

And we got to know each other!

Pics in
"Other Files"

Future GWANWs!!

(always *physically* at LHO)

June 24-26 2024

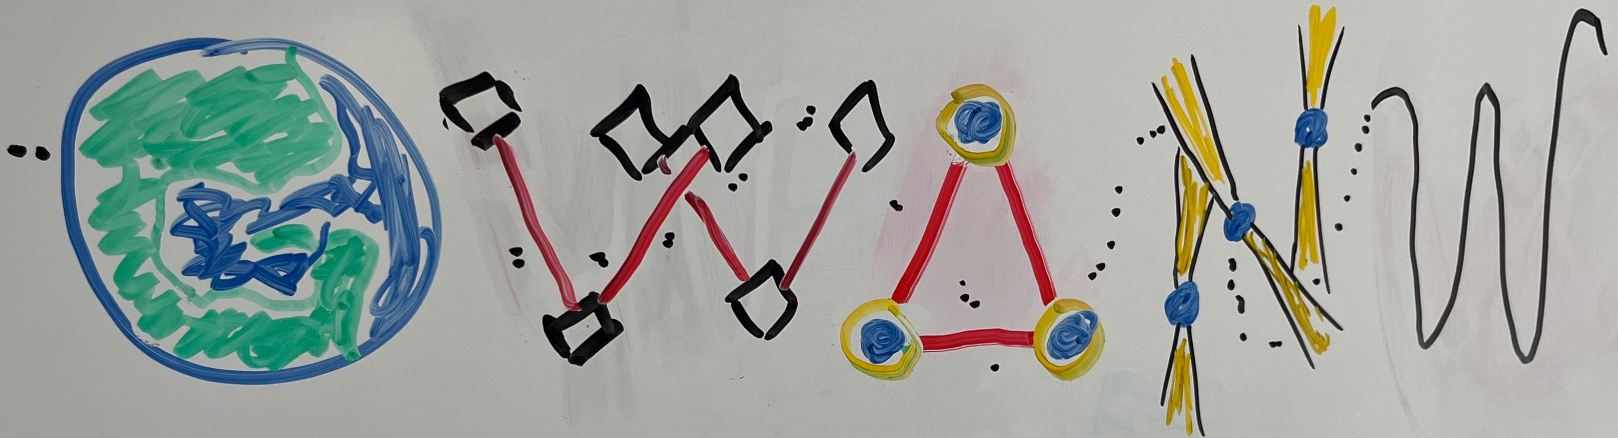

June 23-25 2025

Host Planning Checklist [M2300131](#)

GWANW Future Logo??

First Draft of Idea by J. Kissel

Earth “upside down”
Central and South America
+Florida & Caribbean Islands
form the G

GW Detectors
Further away from
earth, longer arms

Last W is formed by the last
bit of an inspiral, but the
wave goes through all other
“letters,” the earth and
detectors with transparency
/ in the background

Bonus!
